331 Church Street, Parramatta, N.S.W.

P.O. BOX 74 :: 'PHONE UW 8631

PRICE LIST.

1st AUGUST, 1943.

VEGETABLE SEEDS

FREIGHT OR POSTAGE EXTRA.

Subject to alteration without notice and supply subject to prior sale. $\frac{1}{2}$ oz. supplied at oz. rate, $\frac{1}{2}$ lb. supplied at 1 lb. rate, subject to minimum charge of 8d per item.

Some of the seeds we are selling now have been purchased by us from the Commonwealth Government for redistribution to growers. Varieties in this list which are from this source we have marked thus x.

Owing to the shortage of supplies of many lines of seed we will probably sell out of some varieties very quickly which makes matters very difficult for mail orders. However, we will do our very best to serve all customers in the best possible manner.

If varieties ordered are sold out we will substitute the nearest we have unless requested otherwise.

A dash (—) instead of a price indicates that this particular quantity is not available at present.

CONDITIONS OF SALE.—We believe that all Seeds, Bulbs, and Roots sold by us are of the description and kind specified by us at the time of sale, but owing to the practical impossibility in many cases of being certain of this, we give no undertaking that such Seeds, Bulbs, or Roots will correspond with the description under which they are sold, and we make all sales subject to this condition. We further give no warranty, express or implied, as to their growth, description, quality, or productiveness, and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms, they are to be returned to us at once.

SNAIL CREEPER.—Packet 1/-.
BANANA PASSION FRUIT.—Packet 1/-.

BY THE WAY.

TOMATO, VETEMOLD is the result of crossing the two varieties Red Currant and Potentate, is a medium sized cluster type, heavy bearing, and resistant to many of the Tomato diseases.

TOMATO, GROSSE LISSE No. 45 is the result of a single plant selection from the original strain. Our strain is large, round, red and prolific. Foliage is heavy hence suitable for hot climates.

CARROT, CHAMPION RED INTERMEDIATE. A Carrot of beautiful appearance and high quality about 9 inches long, $2\frac{1}{2}$ inches across the shoulder and finishing off abruptly at the point. We have made arrangements for a supply of this seed to be grown for us this season which will probably be ready for sale about next March or April.

DON'T FORGET. Americans like Watermelons and we have plenty of seed of the two popular varieties Hawkesbury (Long, Grey) and Angelino Black Seeded (Round, Dark Green).

ROCKMELON, BENDERS SURPRISE is a large, netted, deeply ribbed melon of excellent quality, flesh is pink.

CABBAGE, EARLY JERSEY WAKEFIELD (SUGARLOAF) is one of the best for the home garden. It is quick maturing, tender and sweet.

COPENHAGEN MARKET is also a good variety for home and market.

NICOTINE INSECTICIDE (Black Leaf 40). We have a large stock of this in $\frac{1}{2}$ pint bottles at $7/2$ each, or four bottles in a carton for $27/10$; we cannot send this by post but can send it by rail to any station in N.S.W. Freight is extra.

TARTAR EMETIC is used for the control of Thrips which cause the spread of the dreaded bronze wilt in Tomatoes. We have limited supplies of this in 1oz. packets (directions for use shown on each packet) at $1/11$ each, post paid.

FARM SEEDS. Write for a quote for any of the following: Lucerne, Rape, Seed Maize, Millet, Sorghum, Cowpeas and Pasture Grasses.
